System Validation Report

Project: Railway Reservation System (RRS), Team 13 Jackfruit Phase-1
Generated: 12-Nov-2026
Environment: Python 3.11.9, Windows
Environment: local Flask app against the Supabase test database
Tester: _____ **Browser:** _____

End-to-end checks run in the browser against the real database (the part of the STP system-test level that unit tests cannot cover). Fill in the Actual and Result columns, and attach a screenshot name for anything that failed.

Rows marked PASS were observed on 12-Nov-2026 during the first run of the merged build.
