Code Coverage Report

Project: Railway Reservation System (RRS), Team 13 Jackfruit Phase-1
Generated: 12-Nov-2026
Environment: Python 3.11.9, Windows
Tool: coverage.py (branch measurement on)

Summary

Statements	Covered	Missed	Statement coverage
1495	1135	360	75.9%

Target: 80% per file. Files below the target are listed after the table.

Explanation of gaps

Repository files contain SQL that needs a live Supabase database. Their logic is tested with a fake database cursor, so some SQL-only lines run only in manual system testing (see System_Validation_Report.md).

Full line-by-line view: `docs/reports/coverage_html/index.html` (open in a browser; red lines were never run, yellow lines had a branch not taken).
